Acropolis View Residence

Occupancy 1-2 guest, Size 88sq.m.

The Acropolis View Residence is a spectacular and stylish one-bedroom penthouse rental, situated in the heart of the most elegant residential block of Athens at the doorstep of the Acropolis Museum.

Blending antique and contemporary design, the residence features a grand living room overlooking the Parthenon, the Museum, and the Philopappou Hill.

Large French doors open to a 360degree balcony with a panoramic view, where you can sunbathe or dine al fresco.

You'll love the location, just around the corner from the Acropolis entrance and the renowned Acropolis Museum. Stroll to the nearby Plaka old district where you can explore, walk, jog or have lunch overlooking the "sacred rock". A stone's throw from all the main historic monuments of the Classical and Roman times as well as the new Contemporary Museum of Art.

Or take a brisk walk to Athens's shopping hotspots at Constitution (Syntagma) square (20 min), Ermou, and Voukourestiou streets. With the Acropolis Metro station just around the corner, it's easy to reach all the vibrant neighborhoods across Athens during your stay.

Don't forget to make a reservation and enjoy drinks and dinner at one of the city's very best rooftop restaurants "Point-a", at the Herodion Hotel across the street.

For business or for pleasure, this spectacular 82 sqm apartment on the 5th floor is beautifully renovated, ideally designed for a two-person stay or for hosting an exclusive, unforgettable private event.

The whole apartment is an enchanting mix of authenticity, heritage, and modernity presented to a high standard.

The luminous high ceiling living room (50sqm) features two large sofas and armchairs, a fireplace, original restored wooden floors, a modern dining table for 10 people (2,50m. x 1,10m.), Danish lighting, and a fully equipped kitchen (11sqm).

At the end of the day, retire to the master bedroom (15sqm) with a king-size bed and en-suite modern bathroom.

A second bathroom, also with a shower, is included in the apartment. Click for [floor plan](#).
